- Formulating cosmetic and HHC products in accordance with different labeling requirements
- Experience with QEHS management and integration of standards and legislation
- 3rd party auditing in accordance with ISO 14001
- Technical Chemical Trouble Shooting within manufacturing industries
- Product process optimization
- Preparation/assessment of technical documentation (MSDS, Chemical APV etc.)
- Management of R&D and QC laboratories

## Regulations/Standards

Extensive knowledge in:

- ISO 9001, ISO 14001, and ISO 22716 standards
- Formulation of HHC and cosmetic products
- Quality assurance at GLP level
- Chemical trouble shooting at production level
- Waste / wastewater management
- Literature review and scientific reporting
- COSMOS standard

## References

### Medicologic A/S 2023 – present

- Chemical safety and quality assurance for cosmetic and pharmaceutical products

### Mimer Consulting:

- Optimization of production flow in cosmetic industry
- Formulating personal care and HHC products
- Preparation of technical documentation related to different products (e.g. registration in EU databases)

### URTEKRAM / MIDSONA:

- Head of R&D within body care products
- Environmental manager responsible for ISO 14001 and contact to local authorities
- Responsible in all aspects related to cosmetic products sold under "URTEKRAM" brand

## Key results

- Implementation of ISO 9001 and ISO 22716 in laboratories and production
- Responsible for RD and QA in production of personal care and liquid house-hold products
- Environmental manager responsible for ISO 14001 and contact to competent authorities
- Responsible for cosmetic products sold under the brand name "URTEKRAM" (sourcing, formulations, production processes, certification, documentation, legislation etc.)
- Prepared ingredient information and product information files for > 200 cosmetic products
- Chemical and technical assistance in relation to waste and wastewater and other environmental issues
- On the Jury at In-Cosmetic World selecting best new green ingredient launch
- Participated in establishment and revision of COSMOS

## Personal Characteristics

Tom is dedicated and systematic with a great eye for detail and new, innovative possibilities. His analytic approach enables him to ask the right questions and seek appropriate solutions.

Tom works independently and is an expert at trouble shooting.

In his free time Tom enjoys hiking in the mountains, cross country skiing and spending time with family. He is fluent in Danish (mother tongue), English and German.
