Novo Nordisk (Jul. 2022 – Mar. 2023)

Coordinator

Coordinated FAT validation process for a multi-vendor packaging line, from commissioning to successfully completing FAT testing, ensuring smooth execution and vendor collaboration. Supported Project Director by developing an Excel tool for resource management and presented resource allocation and constrains in weekly PM meetings.

Key results

11 years of experience, 7 of them in medico and pharma industry, with expertise in project management, coordination, regulatory compliance, and process optimization.

PM for Washer on Filling Line: Restarted stalled PQ validation, established a team, and completed the process after 2+ years of delay.

Coordinator: Mock-up workshop Facilitator for greenfield project
Coordinator for FAT Validation on Multivendor Packaging Machine: Coordinated and oversaw commissioning activities and FAT validation for a 5-vendor packaging line.

Developed Resource Planning Tool: Created an Excel tool to enhance decision-making and efficiency across 12 CAPEX projects.

QA Analyst: Developed a systematic approach to close 32.000 complaints in backlog, ensuring regulatory compliance.

Innovation Consultant: Led the implementation of an innovation program and managed 23 innovation projects as Portfolio Manager.

Personal Characteristics

She is results-driven and highly adaptable, able to quickly adjust to new roles, industries, and challenges while maintaining a high level of performance. With a proactive approach, she identifies opportunities for improvement and addresses potential issues. She thrives in collaborative environments, building strong relationships with stakeholders and vendors to ensure project success. She is a strong communicator, and excels in leadership, motivating teams and fostering a positive, productive environment.

Agilent Technologies (Dec. 2016 – Sept. 2020)

QA Analyst

Developed a systematic approach to analyze and close 32,000 complaints, ensuring compliance with FDA and ISO 13485 regulations.

Altinget.dk (Aug. 2016)

Consultant

Developed a networking concept, with a business case, and conducted an ROI analysis.

Technical University of Denmark (Feb. 2013 – Feb. 2016)

Internal Innovation Consultant/Portfolio Manager

Led the implementation of an innovation program across DTU Diplom, supporting 23 innovation projects, and fostering a culture of transferring university knowledge from students and into start-up companies and SMV.

Technical University of Denmark (Aug. 2012 – Feb. 2013)

Project Manager

Developed and executed the successful "Match Event" connecting students with companies for internships and projects.
